

#Teamtrees. More Than Just A Fashion

Saving the World One T-Shirt at A Time: The Importance of Sustainable Clothing

We know. Everybody is talking about it. A clean world is essential for a healthy living. But do we know *how* to love and care for the environment? You bet.

At #TeamTrees we aim to build a sustainable economy, where nature and humans can live in peace, love and harmony. Nature has always been ever-generous with sharing her beauty and riches, and we have selfishly taken everything - and more. It's time to give back to the world. Why? Because it feels right and it's now easier than ever. This means using eco-friendly products that don't harm the environment.

You don't have to be an extreme environmentalist to make a difference. It all starts with the little things, and what better place to start than your wardrobe? You probably have your favorite clothing brands and are not sure what earth apparel means or what you are spending your money on.

So, the burning question is: what does #TeamTrees do? Here are the top three facts that you need to know:

Fact #1: Organic Farming Methods

#TeamTrees adopts exclusively organic farming methods that benefit people and the environment. No hazardous pesticides, responsible use of water and renewable energy are at the core of our product. And the end result? The softest organic cotton t-shirts with inspiring and creative designs.

Fact #2: For Every Item Sold We Plant A Tree

We take our commitment to the people and the environment very seriously and for every t-shirt bought, we plant a tree. Feels good, right?

Fact #3: Recover Old T-Shirts to Reuse and Recycle

We don't just make t-shirts and plant trees, no. We also encourage you to return your worn #TeamTrees product so that we can recycle it and give it a new life and empower more people to make a change. Talk about making an everlasting impact!

With #TeamTrees you feel good, look good and do good. Our motto? To plant a tree for every item you purchase. Take concrete action steps to make it happen, [shop #TeamTrees to plant trees](#).
